

May 27, 2026

Dear Lakes Resident,

As an option for the 2026 season, PLM Lake & Land Management is offering an Individual Treatment Program to supplement the Round Lake Special Assessment District (SAD). The Current SAD funds the treatment of exotic invasive species (Eurasian watermilfoil) and does not have funds available to control native plant species that inhabit many of the shoreline areas. The additional cost to take part in the Individual Treatment Program is \$3.00/foot of shoreline. This fee includes two treatments targeting multiple native species in a maximum of 100 feet of shoreline per residence, out to approximately 100 feet from shore. The treatments will be planned for late-June & late-July.

If you would like to participate, please fill out the form at the bottom of this page and send it to the address below, with your check, by June 15th, 2026. If you have additional questions, please contact James at 800-382-4434 ext. 2102.

Sincerely,

James Scherer
Regional Manager
PLM Lake & Land Management

I would like to participate in the 2026 Round Lake Individual Treatment Program
